All Black Tapware Finishes Are Covered By A 12 Month Warranty Period Only (Black Tapware Will Invariably Chip Over Time)

Black Tapware Has A Dark Side

Black tapware is definitely all the rage and very stylish, good looking and extremely adaptable when designing your dream kitchen and bathroom.

Black tapware does have a dark side which could cloud your dream purchase. You need to be aware that all electroplated black tapware are susceptible to chipping and flaking over time. The finish is only covered by a twelve month warranty even though the tap itself may have a five year warranty and the cartridge inside a 10 year warranty. We recommend a safer alternative is to look at the gun metal range.

Important Note: Don't use any chemicals to clean your tapware, warm water and a soft cloth or light sponge should do the trick, this however does not mean it will not chip or flake.
