

## DESCRIPTION

- High quality stainless steel trigger spray
- Constructed from 304 grade stainless steel and features chrome metal finish
- Also comes in chrome, matte black and gold finishes (these are order in items available online only)
- Dual backflow control valve
- Includes 1200mm anti-burst hose
- Watermark certified and WELS registered
- Suitable for low hazard back flow prevention application
- To use as a bidet, an RPZD that complies with AS/NZ 2845.1 or AS 2845.2 needs to be installed for the application to comply with AS/NZ 3500.1 Water Services Clause 12.2.3
- It is recommended that an individual stop cock should be installed and turned off when not in use – this unit does not allow for permanent spray shut off
- Maximum working pressure: 500KPA – a pressure limiting valve is required for higher water pressure
- Suitable for use with cold or warm water
