Constructed from Luisigranit which is composed of 80% quartz (the hardest element of granite), 20% acrylic resin (a high quality polymer) and colour pigment. Its high quality materials and construction makes it heat resistant, scratch resistant, stain resistant, and impact resistant. The antibacterial properties create a highly hygienic surface and the smooth Luisigranit stone makes it easy to clean.

# THINKING ABOUT A NEW KITCHEN? TESTIMONIALS

## Donna (Halls Head)

We are thrilled with the end result of our kitchen makeover that was recently finished by The Sink Warehouse.

**Yvonne** and her team were very professional at all times while preparing and planning our future kitchen. Any questions were followed up and handled in a timely manner.

We would not hesitate to recommend The Sink Warehouse for any potential kitchen renovations.

25/02/21

## John (Yokine)

"We are really happy with the quality of products provided by The Sink Warehouse and our completed kitchen design. Special thanks to **Yvonne**, she went above and beyond to provide amazing service and her 3D design gave us great ideas on what we were purchasing. The entire experience was a breeze thanks to the Sink Warehouse team and I would definitely recommend them for anyone looking at renovating."

## Sam (Seville Grove)

Picay was great to deal with and designed a beautiful kitchen for us.

We were really happy with the flat pack cabinetry which was easy to assemble and we installed ourselves.

We are especially happy with the UV high gloss white kitchen doors.

Thanks **Picay** for looking after us with such a great price.

11/01/21

## Ian (Mt Pleasant)

"Everything The Sink Warehouse did was excellent. Their customer service is second to none, the quality of my products are fantastic and I am incredibly happy with how smooth of an experience it was. They provided me with a lot of assistance in picking the design of my kitchen, planning essentially everything. No complaints, would definitely recommend."
