Constructed from Luisigranit which is composed of 80% quartz (the hardest element of granite), 20% acrylic resin (a high quality polymer) and colour pigment. Its high quality materials and construction makes it heat resistant, scratch resistant, stain resistant, and impact resistant. The antibacterial properties create a highly hygienic surface and the smooth Luisigranit stone makes it easy to clean.

# OUR TESTIMONIALS

### DONNA (Halls Head)

We are thrilled with the end result of our kitchen makeover that was recently finished by The Sink Warehouse.

**Yvonne** and her team were very professional at all times while preparing and planning our future kitchen. Any questions were followed up and handled in a timely manner.

We would not hesitate to recommend The Sink Warehouse for any potential kitchen renovations.

### SAM (Seville Grove)

**Picay** was great to deal with and designed a beautiful kitchen for us.

We were really happy with the flat pack cabinetry which was easy to assemble and we installed ourselves.

We are especially happy with the UV high gloss white kitchen doors.

Thanks **Picay** for looking after us with such a great price.
