

## DESCRIPTION

- Unique in design, functionality and colour, the Quadro chrome wall spout with mixer makes for a sophisticated and contemporary addition to any bathroom. Featuring a long spout and mixer tap combined on a singular square back plate, this versatile tap is designed to suit a basin or a bath. We recommend using it if you want a mixer tap instead of three separate tap pieces (which we know are annoying to clean), and if you are renovating on a budget and don't want to pay for the expensive process of moving your plumbing out of the wall and into your basin. This design will save you money and modernise your bathroom at the same time. It's a win-win!
- The Quadro is a modern, round, chrome, wall mounted mixer/spout combo
- It is constructed from solid brass and features a high gloss, chrome Finish
- Our high quality internal ceramic disc cartridge technology provides you a supportive but sturdy touch on the mixer which gives you adjustment over power and temperature
- This engine room of technology means greater performance and reliability on every use, we take care of it, so you don't have to worry about it
