

## DESCRIPTION

Unique in design, functionality and colour, the Sofia chrome wall spout with mixer makes for a sophisticated and contemporary addition to any bathroom. Featuring a long spout and mixer tap combined on a singular square back plate, this versatile tap is designed to suit a basin or a bath. We recommend using it if you want a mixer tap instead of three separate tap pieces (which we know are annoying to clean), and if you are renovating on a budget and don't want to pay for the expensive process of moving your plumbing out of the wall and into your basin. This design will save you money and modernise your bathroom at the same time. It's a win-win!

- Contemporary bath or basin mixer with spout
- Durable ceramic disc cartridge with long lasting technology
- High gloss chrome on brass construction
