

TAQVWBMBN : VENICE - BRUSHED NICKEL BASIN/BATH MIXER WITH SPOUT

DESCRIPTION

- Unique in design, functionality and colour, the Venice Brushed Nickel wall spout with mixer makes for a sophisticated and contemporary addition to any bathroom. Featuring a long spout and mixer tap combined on a singular rounded back plate, this versatile tap is designed to suit a basin or a bath. We recommend using it if you want a mixer tap instead of three separate tap pieces (which we know are annoying to clean), and if you are renovating on a budget and don't want to pay for the expensive process of moving your plumbing out of the wall and into your basin. This design will save you money and modernise your bathroom at the same time. It's a win-win!
- Contemporary bath or shower mixer
- Durable ceramic disc cartridge with long lasting technology
- Brushed Nickel coating on brass construction
