DESCRIPTION

- Contemporary bathroom wall hung vanity
- Constructed from high moisture resistant (HMR) boards which reduces the risk of mould and bacteria
- The vanity surface is completed with a 2 Pac polyurethane finish which makes it resistant to conditions normally found in bathrooms such as heat, moisture and stains, but also marring and chipping to the vanity surface. This guarantees that the vanity will continue to look great long after purchase
- Conforms to the lowest formaldehyde percentage ratings (up to the highest Australian and International environmental and health standards)
- Designed to guarantee product longevity through its solid construction. Every drawer has solid 16mm panels and backing and are screwed double front
- Installed with DTC runners and hinges, manufactured from high grade materials, and incorporates soft close technology, reducing wear and tear and increasing the lifespan of the vanity
- Aluminium handles are rust resistant and easy to clean
