

DESCRIPTION

- Filter system connects to your main kitchen mixer tap to filter all cold water from the tap. Whether that is for drinking, washing fruit and vegetables or just doing the dishes.
- 12 month long life cartridge
- Quick and easy to replace
- Carbon filter effectively removes bad taste, odour, dirt, mud, slime, algae, parasitic cysts
- Does NOT remove fluoride or essential minerals

WARRANTY

1 Year Replacement Warranty

- Product replacement does not include installation or removal of the original product
- Check product for damage before installation - installing a damaged product voids warranty

REPLACEMENT GUIDE

- Turn off isolating valve
- Turn on water filter faucet to release pressure
- Twist cartridge clockwise, this may require gently wiggling the cartridge out of the holder
- Discard used cartridge
- Place new cartridge in holder, the ridges on the cartridge will need to line up with those in the holder for it to fit properly
- Twist the cartridge anti-clockwise
- Turn on water outlet
- Let system run for a few minutes to flush cartridge

Note :

The water may appear milky the first few days after changing.

This is only air released from the carbon pores and is safe to drink.

Water flow reduction usually indicates a clogged filter cartridge.

IMPORTANT NOTICE

- It is strongly recommended that any cut-outs made to your bench top is made based on the individual product dimensions.
- All pictures and drawings on this brochure are representational only, changes in the product may have occurred since time of print.
- All prices on this brochure and The Sink Warehouse website are subject to change without notice.
