

DESCRIPTION

- 12 month long life cartridge
- Carbon filter effectively removes bad taste, odour, dirt, mud, slime, algae, parasitic cysts
- Does NOT remove fluoride or essential minerals

WARRANTY

1 Year Replacement Warranty

- Product replacement does not include installation or removal of the original product
- Check product for damage before installation - installing a damaged product voids warranty

REPLACEMENT GUIDE

- Turn off isolating valve
- Turn on water filter faucet to release pressure
- Unscrew filter housing canister
- Discard used cartridge
- Clean inside canister & O-Ring with warm water and cloth
- Place new cartridge in canister
- Ensure O-Ring is in place
- Screw canister onto head
- Slowly turn on inlet valve to expel air and initiate water flush
- Let system run for a few minutes to flush cartridge

Note:

The water may appear milky the first few days after changing. This is only air released from the carbon pores and is safe to drink.

Water flow reduction usually indicates a clogged filter cartridge.

IMPORTANT NOTICE

- It is strongly recommended that any cut-outs made to your bench top is made based on the individual product dimensions.
- All pictures and drawings on this brochure are representational only, changes in the product may have occurred since time of print.
- All prices on this brochure and The Sink Warehouse website are subject to change without notice.
